600	120	45	600	350	25

Units powered by hydraulic motors also available. Consult factory. For detailed specifications and performance, see Section 111 of the Gorman-Rupp catalog.

# WATER WAGONS

## Extra Heavy Duty Solids Handling Power Take-Off Pumps (COUNTER CLOCKWISE ROTATION)

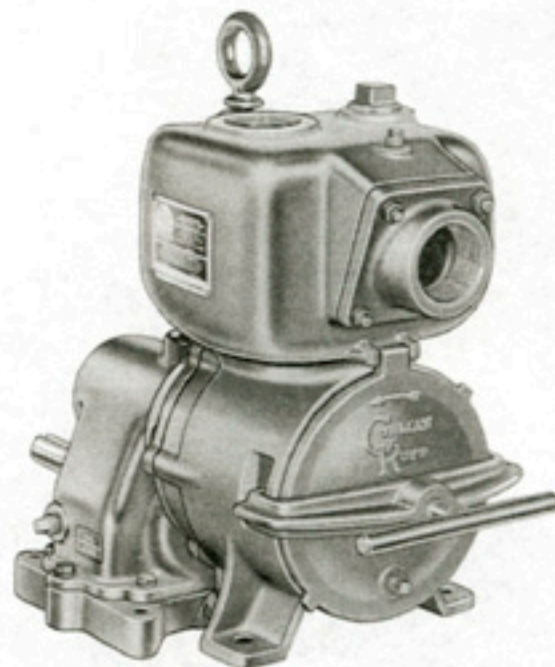

Model 12B2 and 13A2 have the same design features as Gorman-Rupp's Extra Heavy Duty "10" Series engine driven and basic pumps which have proven dependable through many years of on-the-job service.

A removable coverplate permits quick access to the pump interior. No need to disturb piping. Two vane open impeller is designed to handle 1- $\frac{1}{8}$ " or 1- $\frac{1}{2}$ " spherical solids depending upon pump model and size.
